ABOUT US

Established in 1992 and headquartered in the vibrant city of Baner, Pune, Fabtech Engineers and Projects Ltd. (FPEL) stands as a testament to engineering excellence and innovation. With profound expertise in LSTK & EPCC projects, FPEL has etched a strong presence across the Up-Stream (Onshore), Mid-Stream, and Down Stream Sectors. As a market frontrunner in the Mounded Bullets Segment, our commitment to precision and quality sees us manufacturing critical static process equipment that is unparalleled in design and functionality. Additionally, our impeccable reputation in the site fabrication of process equipment cements our position as industry leaders. Our global footprint extends across continents, from Australia, Africa, and Asia to Europe, North, and South America, marking our presence in nations like Germany, Japan, USA, Brazil, and more. Diversifying into sectors such as Oil and Gas, Refineries, Chemical Treatments, Nuclear Power, Minerals and Metals, Carbon Capture, and Fertilisers, FPEL continues to redefine engineering solutions for a sustainable future. Welcome to a world where engineering meets excellence. Welcome to Fabtech Engineers and Projects Ltd.

Fabrication Yard

LPG Mounded Bullet Facilities

IOCL 78 meter dia Storage Tank and associated facilities

IOCL Tank Farm

Column for Dangote Refinery

HPCL Vizag - SRU

OIL - Crude Oil Dehydration and Storage Facility.

Mounded Bullets, MRPL Mangalore

Hydrogen Bullet, IOCL Paradip

OUR BUSINESSES

Oil and Natural Gas • Carbon Capture • Chemical Treatment • Minerals and Mining • Fertilizers • Nuclear Power

OUR VISION

" At Fabtech, we envision pioneering the global frontier of engineering and construction. Through our unwavering commitment to innovation, excellence, and sustainability, we aim to foster a world empowered by reliable and environmentally responsible infrastructure. Our goal is to continually elevate our service offerings, reinforcing our position as a trusted industry leader, while contributing positively to the global communities we serve, all within a framework of integrity and enduring stakeholder relationships."

OUR MISSION

" Our mission is to deliver superior, tailored solutions across diverse industry sectors, upholding the highest standards of safety, quality, and ethical conduct, while nurturing enduring partnerships and ensuring client satisfaction in every endeavor "

OUR PRODUCTS

Electrical Penetration Assembly

Heat Exchangers along with TubeBundle

Additional Products

- Pressure vessels
- Heat exchangers
- Columns and Towers
- Reactors
- Electrical Penetration Assembly (EPA)

Process Columns - BPCL Kochi Refinery

OUR CERTIFICATION

ASME (U, U2, S, R) • PESO Shop • LyondellBassel • API • IBR • EIL • ISO
